CERTIFICATE OF COMPLIANCE

RoHS 3 & REACH (253 SVHC, Authorization and Restricted List) Compliance

Teldor hereby certifies that our products are in compliance with the European Union Directive, 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS3) and its amendment Directive (EU) 2015/863.
https://environment.ec.europa.eu/topics/waste-and-recycling/rohs-directive_en

- Our RoHS compliant products do not contain **Lead (Pb), Mercury (Hg), Cadmium (Cd), Hexavalent Chromium (Cr+6), Poly Brominated Biphenyls (PBB), Poly Brominated Diphenyl Ethers (PBDE) including Deca-BDE**, and additional RoHS2 chemicals such as **Bis (2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP)** above the allowable limits.

- We support the basic aim of REACH in improving the protection of human health and the environment through better and earlier identification of the intrinsic properties of chemical substances. We will meet all REACH requirements and are committed to provide our customers with information about substances in our products according to existing and future REACH requirements.

The referenced company name products are categorized as “articles” under the REACH Regulation.

- It is not intended that our products release substances during normal and reasonably foreseeable conditions of use.

- Regarding the Substances of Very High Concern (SVHC) candidate list, the above referenced products do not contain more than >0.1% by weight per article of any substance on latest candidate list of SVHC (253) as of **04 February 2026**.

The status of the candidate list will continue to be monitored, including the possible need under Article 33 of REACH to inform product recipients and consumers if an article contains more than >0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.

- Our products do not contain any substances on the Authorization List or substances restricted under REACH (REACH Annex XIV and REACH Annex XVII), or all new substances to be included on the mentioned list in the future.

The European Chemicals Agency (ECHA) SVHC candidate list, REACH Annex XIV and REACH Annex XVII Annex are available at:
https://echa.europa.eu/candidate-list-table
https://echa.europa.eu/substances-restricted-under-reach
https://www.echa.europa.eu/authorisation-list

Conflict Minerals Compliance

Teldor confirms that during the production of the part numbers mentioned in the attached excel file**,** there is no use or intentional incorporation of substances, which are defined as "conflict minerals" version CMRT 6.6, released in April 2026: columbite tantalite (coltan), cassiterite, gold, wolframite, tantalum, tin and tungsten.

ODS (Ozone-Depleting Substances)

Our ODS (Ozone-Depleting Substances) compliant products do not contain any of the listed substances: **chlorofluorocarbons (CFCs), halon, carbon tetrachloride (CCl4), methyl chloroform (CH3CCl3), hydrobromofluorocarbons (HBFCs), hydrochlorofluoro-carbons (HCFCs), methyl bromide (CH3Br) and bromochloromethane (CH2BrCl)** according to the **Montreal Protocol,** adopted on 16 September 1987 and entered into force in 1989.

The list of Ozone-Depleting Substances is available at:

https://www.epa.gov/ozone-layer-protection/ozone-depleting-substances#
